

CONDITIONS FOR ACCEPTANCE

Empty plastic packaging for hazardous products (non-toxic)

| | |
|-------------------|---------|
| EURAL code | 150110* |
| Waste code | 018001 |

DESCRIPTION

Empty plastic packaging for hazardous products with a volume of less than 50 litres that are non-toxic.

ADDITIONAL CONDITIONS

General conditions:

- No heavy, solid materials (such as large concrete blocks).
- No metal objects (such as bits of iron) larger than 5 cm or of a thickness that may damage the shredder blades (such as bolts).
- No liquids.
- No pressurised containers (such as spray cans and gas cylinders).
- No toxic products (ADR class 6.1).
- No oxidising substances (ADR class 5.1).
- No organic peroxides (ADR class 5.2).

Packaging conditions:

- No packaging of a capacity greater than 50 L.
